

2017
Minnesota Scottish Fair & Highland Game

I really encourage you to share this information with your pipe band or soloists.

First of all, I am to remind you, there is **no outside alcohol permitted on the grounds**—at all. We have the right to search coolers at the entrance, please abide by this rule as last year we threw a LOT of trash away that was not allowed on the grounds. Thank you very much for following this easy rule.

There will be a special line for you to go to, give your name, and you will be granted access to the games. If you are bringing family or friends with you they will need to go through the regular line for a ticket. (We are only able to accommodate participants and volunteers). If you have a lot of equipment, please drive to the gate, drop your items, and then park your car.

Bands are to fill out and turn in a W9 form and either turn in in advance or bring to the games. Omission of this form may disqualify bands from any prize monies due them. A copy of the form is being sent with this email. Please complete and email to admin@mnscttishfair.org.

Warm up area for pipe bands is beyond the Heavy Events area. You will see on the attached map, (marked in yellow), where to enter and where the bands are to warm up. There will be 10 pipe bands this year with all bands competing. This is great for us. Spread the word, get people to come and watch.

All bands are required to send a representative at 10:30 a.m. to the MWPBA tent. Information will be distributed at that time and any games related forms needing completion can be completed at that time.

There is limited seating this year, we request people to bring chairs and/or blankets for seating.

McCracken Pub will be serving beverages and you will be able to walk around the grounds with your drinks. Please **do not** bring your own beverages to the games.

Please review the rules listed on the MWPBA website to ensure all rules are being followed.

Thank you and good luck to all!
